Swami's *message* to students:

“ I expect from you only one thing i.e., you should transform yourselves into ideal children full of bliss, the very embodiments of Atma, proving all this to the world by your behaviour and conduct in life. That alone is True Education. All other types of education are only its limbs and parts. ”

"The cultivation of human values alone is education."

Sai Charan

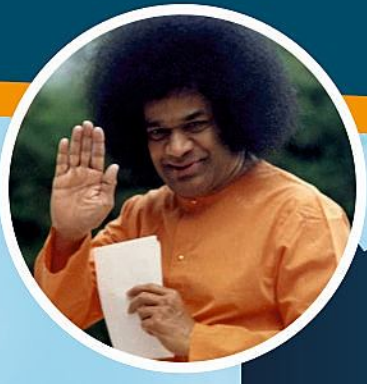

Sai Charan Campus

SAI CHARAN is the Sanctum blessed by Bhagawan Sri Sathya Sai Baba's Divine Darshan. Bhagawan Sri Sathya Sai Baba graced this place by his presence in the year 1974. With his blessings and grace, Sri Sathya Sai Educational Trust Karnataka has established Sri Sathya Sai Educational Institutions. This Campus has a unique serenity and sublimity of atmosphere. There is a refinement and a soothing power about this campus.

Sri Sathya Sai Educational Institutions are founded to inculcate ethical and moral values in students. Here the development of a student's character is just as important as imparting knowledge. This holistic development of student's can only be possible in an environment that encourages the development of the student's mind, body and spirit. To facilitate this our campus environment is similar to the ancient Indian Gurukul system of education, in a modern context with Integrated nurturing for Competitive Exams.
